MINERS GAVE WAY

Those in Illinois Have Acceded to the Ultimatum of the Coal Operators.

WILL BE NO CESSION OF WORK.

The Mine Workers Made Several Counter Proposals to the Bosses But They Were Refused.

National President John Mitchell Was Present and Defended Miners' Position, But to No Purpose, as Operators Were Firm.

Springfield, Ill., April 1.—When matters looked darkest for a settlement of the differences between the coal operators and miners of Illinois, and a strike seemed imminent, the miners gave way and acceded to the ultimatum of the operators.

When the joint session convened Thursday afternoon the miners stated that they had counter proposals to make to the operators, namely, that the miners would waive all concessions made them regarding free oil to day men and free powder if the operators would rescind their demand for a reduction of three cents from last year's scale in the First district. This the operators refused, and after considerable discussion, in which National President John Mitchell defended the miners' position, adjournment was taken until evening.

On reconvening Thursday night the miners stated they were willing to withdraw their demand for last year's scale in the Northern district, and the joint scale committee will meet again to reconsider minor matters. Thus all danger of a strike has been averted by all reason of conservative action by the miners' organization. National President Mitchell and Herman C. Perry, the new president of the state miners' organization, were in conference with the operators for some time Thursday night.

THE KENTUCKY MINERS.

No Agreement Reached With the Operators Regarding Wage Scale.

Louisville, Ky., April 1.—After having been in conference several days, the Kentucky coal miners and operators adjourned Thursday without having reached an agreement concerning the wage scale. The disagreement, however, was not final despite the fact that the present scale expired Thursday. It was decided to defer definite action until Wednesday, April 6, the present scale to continue in effect until that time. President John Mitchell has been asked to come to Louisville and aid in a last effort to secure an amicable settlement. Secretary J. D. Wood, of the Miners' Union, said Thursday afternoon: "After this we will demand and get the Indianapolis rate or we will strike." The ultimate result of the conference will affect 4,000 miners.

MAY SUSPEND WORK.

Miners and Operators in Fourth Sub-District Fail to Agree.

Salem, O., April 1.—The joint conference of the miners and operators of the Fourth Ohio sub-district adjourned Thursday afternoon without an agreement, the operators refusing to grant the miners' demands for a run of mine basis for the scale, claiming that it would mean the closing of some mines. The miners held a secret session Thursday night and it is intimated there may be a suspension of work.

SMUGGLING OF CHINESE.

An Organized Gang Is Believed to Have Been Disrupted.

Chicago, April 1.—An organized gang for the systematic smuggling of Chinese into the United States by way of the Canadian border is believed to have been disrupted by the arrest on Thursday of three Chinese, who, it is said, were active agents of the organization. The arrest of an American, the ringleader of the gang, is all that is lacking to make the breaking up of the gang complete, according to agents of the department of commerce and labor at Washington, who have been working secretly in Chicago for several weeks.

Pewee Valley, Ky., April 1.—W. E. Craycroft, an inmate of the confederate home, is dead. He was 66 years old and had been a life-long resident of Jefferson county. He leaves a daughter, Mrs. Runner, of Louisville.

Paris, April 1.—Premier Combes has ordered that all religious emblems be removed from the courts of justice, selecting Good Friday for the carrying out of the order. Among them is a famous picture of the crucifixion.

CONGRESSIONAL MATTERS.

Consideration of Sundry Civil Bill Was Concluded in the House.

Washington, April 1.—Senate—The attention of the senate was divided Thursday between the bill for the repeal of the desert land, the timber and stone and the homestead commutation laws and the post office appropriation bill. The repeal bill was taken up only for the purpose of discussion, and Mr. Clark (Wyo.) was the principal speaker. He contested the position taken by Mr. Gibson that there have been great frauds in the administration of the land laws in the west. The general debate on the post office bill was confined largely to a speech by Mr. McCleary and interruptions by republicans. Mr. McCleary charged in the main that the policy of an early adjournment of congress had been adopted in order to avoid legislation not desired by the republican leaders.

House—Consideration of the sundry civil appropriation bill was concluded in the house and the bill was about to be passed when Mr. Sulzer forced a roll call on a motion to commit the bill with instructions to strike out the paragraph appropriating \$135,000 for rents of the New York customs house. The vote showed a quorum was not present and adjournment was taken until Friday. The right of boards of directors of state homes for disabled volunteer soldiers to retain certain portions of pension money received by the inmates was discussed at length. Mr. Bell (Cal.) assailed his own state for permitting a canteen to be established in the California state home and charged that the old soldiers were allowed to draw their pension money from the home in most instances only through canteen checks. After extended debate an amendment by Mr. Bell to correct the evils complained of was adopted. A violent attack on the coast and geodetic survey was made by Mr. Robinson (Ind.).

THE CRUISER DENVER.

She Failed to Reach Her Contract Speed on Second Trial.

Boston, April 1.—The protected cruiser Denver was given a second government speed trial test over the Cape Ann course Thursday and again failed to reach her contract requirements of 17 knots an hour, her average speed being 16.70 knots. Tidal correction may add slightly to the speed taken on the ship, but will not be sufficient to reach the contract requirements.

According to her contract the Denver was required to make 17 knots an hour in order to receive the contract price of \$1,080,000. However, it was stipulated that the cruiser was to be accepted if she made a speed of 16.50 knots, but the price to be paid, should the ship not make the required 17 knots, would be \$1,030,000, consequently she will probably be accepted, at least at the lesser price.

A NAVAL TROPHY.

It Will Be Competed For Each Year By the Vessels.

Washington, April 1.—A trophy which will be competed for each year by the vessels of the navy has been received by Secretary Moody. It is in raised gold and shows two battleships in action. In one corner is the inscription "Trophy for Excellence in Naval Gunnery, Presented by Direction of the President of the United States, to the Vessel Making the Highest Score in Her Class at the Annual Target Practice." The trophy is a foot high and about two feet long.

COLOMBIA LOSES SUIT.

Panama Canal Can Now Be Transferred to the United States.

Paris, April 1.—The first civil tribunal of the Seine Thursday decided the case of the republic of Colombia against the Panama Canal Co. in favor of the defendants. The decision holds that the complaint of Colombia is not receivable, and condemns the plaintiffs to pay the costs of the action. This decision has the effect of removing legal obstacles in the way of the transfer of the canal concession from the company to the United States.

WHILE REJOICING.

He Broke His Leg and Later Died of Blood Poisoning.

East St. Louis, Ill., April 1.—After contesting his wife's will, which cut him off with \$50 and left \$50,000 to European relatives, and winning the suit two weeks ago for \$25,000, John Thornberg rejoiced to such an extent that he broke his leg and Thursday died of blood poisoning. There being no children, the \$50,000 estate will go to relatives here and in Europe.

Paris, April 1.—Premier Combes has ordered that all religious emblems be removed from the courts of justice, selecting Good Friday for the carrying out of the order. Among them is a famous picture of the crucifixion.

A BLOODY BATTLE.

The Tibetans Made an Attack Upon the British Mission Under Col. Younghusband.

OVER 400 OF FORMER WERE KILLED

After the Action There Were Heaps of Dead and a Trail of Wounded Led to the Rear.

British Casualties Are About a Dozen—At One Time the Situation Was Critical, and Revolvers and Bayonets Were Used.

Tuna, British India, April 1.—News has been received of severe fighting, the Tibetans having attacked the British mission under Col. Younghusband. There were two engagements and the Tibetans were repulsed with heavy loss. The British captured the Tibetan camp at Guru.

At 8 o'clock Thursday morning a flying column started to reconnoiter the Tibetan camp at Guru, whereupon a general from Lhasa with a quaint retinue came to interview Col. Younghusband. The general asked the colonel to retire with his mission to Yatung for the purpose of carrying on negotiations, threatening an attack if the mission proceeded. Col. Younghusband replied that negotiations had been proceeding fruitlessly for 15 years and that retirement was now impossible.

The Tibetan general withdrew and Col. Younghusband ordered his troops to endeavor to disperse the Tibetans, blocking the road without firing upon them.

For a time the tactics of the British were successful, but after a while the attitude of the Tibetan leaders convinced Col. Macdonald of the necessity of disarming them.

The Tibetans numbered about 1,500, and their resistance of the effort to disarm them led to a smart engagement. The situation for a few moments was critical, Col. Macdonald and Col. Younghusband being only a few yards from the advancing Tibetans. Revolvers and bayonets were used and then a rifle fire was resorted to, at which the Tibetans fled, but not before several casualties resulted in the British ranks.

The Tibetans lost heavily owing to the inferiority of their weapons, which were matchlock rifles, but they displayed the greatest courage, many of them coming on after they had been seriously wounded. After the action there were heaps of dead, a long trail of dead and wounded extended to the rear.

After a short halt the advance continued. Nearing the Tibetan camp at Guru, a second action took place in which the artillery played the largest part. Finally the Tibetans retreated over the hills with the exception of about 60, who obstinately held the village, which was finally taken by a mounted bayonet charge.

Among the Tibetans killed were the Lhasa general, the military commandant of Phari and Lata, and the representative of the golden monastery, to whose influence and violent hostility the existing difficulties were largely due.

The Tibetan losses are believed to be over 400, while the British casualties are about a dozen.

The British force returned to Tuna Thursday evening and stated that rifles bearing the Russian imperial stamp and Russian ammunition were found on the wounded Tibetan officers.

THE RUSSIAN TROOPS.

The Total Number in Manchuria and Port Arthur Number 245,000.

Paris, April 1.—A St. Petersburg correspondent of the Echo de Paris says that the wife of one of Gen. Kuropatkin's orderly officers has received a telegram from her husband, saying that the general staff does not believe that there will be any great battle before September.

Russian troops in Manchuria, including Port Arthur and Vladivostok, now number 245,000, and the total may be 300,000 by the end of April and 500,000 by September, when, if the Japanese have not crossed the Yalu, Gen. Kuropatkin will advance to drive them out of Korea.

The only fear in high quarters, according to the writer, is the inability of China to restrain the mass of her troops or to prevent troops landing in a Chinese port in event of Japanese successes, however, ephemeral.

Gen. Kuropatkin has telegraphed to Gen. Mishtchenko to avoid any engagements in which the security of the Russian side would be uncertain.

Reward For Albert Burton's Arrest.

Frankfort, Ky., April 1.—Gov. Beckham has offered a reward of \$200 for the apprehension of Albert Burton, a fugitive from justice in Adair county, a fugitive from justice in Adair county.

WILLIAM JOHNSTON ARRESTED.

He Is in Newport Jail Charged With Stealing Horses.

Newport, Ky., April 1.—William Johnston, who claims to be a resident of Butler county, Ohio, occupies a cell at the Newport jail on a charge of horse stealing. He was captured Thursday morning shortly after 8 o'clock by Officer John Tocher and Lieut. Leahy after an exciting chase, accompanied by a fusillade of shots, one of which struck Johnston in the right forearm, wounding him severely.

Chief of Police Deputy was notified Wednesday evening to be on the lookout for a man who had stolen a fine horse and buckboard at Augusta, Ky., and was supposed to be heading toward Newport. Later it was learned that the fellow had swapped the stolen horse for a white animal, received \$25, and then traded the buckboard for a saddle.

ENGLISH LAD.

He Worked Three-Quarters of a Mile in 1:18 3-4.

Louisville, Ky., April 1.—English Lad, the Kentucky Derby favorite, with a good-sized boy on his back, was sent three quarters of a mile Thursday and he negotiated the distance in 1:18 3-4, finishing strong.

Dell Leath, another Kentucky Derby colt, was called on for three-quarters and he worked the distance in 1:19 1-2.

Linguist, the good handicap horse, belonging to Joe Pugh, the Covington politician, was breezed a half and gave every evidence that he will stand training and prove an important factor in the big eastern races the next season.

Heavy Rainfall at Owensboro.

Owensboro, Ky., April 1.—Another heavy rain is falling at Owensboro and throughout Daviess and surrounding counties. Small streams in the low lands, which are already flooded, will be sent on a rampage again. The Ohio is falling very slowly at this point, but Green river tributaries are rising rapidly. Much valuable wheat land is under water.

Two New Banks Are in Sight.

Mt. Sterling, Ky., April 1.—Efforts are being made to establish two new banks in the mountains, one at Inez, Martin county, and the other at Salterville, Magoffin county. It is said that John C. C. Mayo is behind both. The capital of the new banks, if established, will be \$15,000.

Bound Over to the Grand Jury.

West Liberty, Ky., April 1.—Raney Burton, of Caney, this county, charged with robbing the post office at Caney, had his examining trial before United States Commissioner Cisco, and was held to answer in the United States circuit court in the sum of \$500.

Two Good Wells.

Mt. Sterling, Ky., April 1.—Frank J. Craig, of this city, has drilled two wells for the Estill County Oil Co. this week, both of which are ten-barrel producers. The oil is of an excellent grade, and Mr. Craig says will be good for at least 40 barrels when shot.

New Coal Field.

Morehead, Ky., April 1.—An eight foot vein of cannel coal has been found on Brushy Fork, near here, on the farm of John E. Johnson, a local merchant. The new field is on the direct route of the Cincinnati, Lexington & Ashland railroad.

Tobacco Factory Destroyed.

Greenville, Ky., April 1.—The tobacco factory of E. Rice was destroyed by fire early Thursday morning. About 450,000 pounds of tobacco were burned, together with the machinery, bringing the loss up to about \$20,000, with only \$3,000 insurance.

Fine Gas Well Brought In.

Owingsville, Ky., April 1.—It is reported here that the Standard Oil Co. has brought in a fine gas well on Slate creek, in Menifee county, at a depth of about 300 feet. It is stated that the casing was blown from the well some distance in the air.

Adjudged to Be Insane.

Versailles, Ky., April 1.—John McCullough, the farmer who drove down the Southern railway track near Versailles in the dark one night in January and was struck by a fast train, was adjudged insane in the county court.

Thrown From a Horse and Killed.

Petersburg, Ky., April 1.—Wilber Scott, at Burlington, while exercising a horse, was thrown by the animal and so badly injured that he died in a few hours. He was a son of John Scott, a wealthy farmer, and was 22 years old.

River and Harbor Work.

Washington, April 1.—The house committee on rivers and harbors Thursday completed its draft of an appropriation bill carrying approximately \$3,000,000 to continue existing contracts for river and harbor work.

RIVER STILL RISING

The Wabash is Eight Miles Wide a Few Miles West of Princeton, Ind.

HEAVY RAINS INCREASE THE FLOOD

Hundreds of Flood Refugees at West Port Are Living in School Houses and Barns.

The Great Fill at Hazleton, Which Was Constructed at a Cost of \$600,000, Was Swept Away—Other Damage Reported.

Indianapolis, Ind., April 1.—Heavy rains have increased the flood danger in the southwestern part of Indiana. Vincennes, Mt. Carmel, New Harmony, Grayville, Princeton, Evansville, Westport and all of Lawrence county, Illinois, are suffering from the high water. Westport has been completely abandoned. Hundreds of refugees are living in school houses and barns. Live stock is quartered in hay lofts and railroad traffic is at a standstill. It is believed that Mary Fessler was drowned near Vincennes Thursday. The Belgrave levee broke in another place Thursday. The great fill at Hazleton, which was constructed at a cost of \$600,000, was swept away. The Wabash rose six inches Thursday. All telegraph and telephone communication is paralyzed. At Mt. Carmel the Wabash has reached the highest stage since 1875, and it is expected that the water will pass the record mark. The levee at New Harmony is in imminent danger of being totally destroyed. One of the heaviest rains of the year fell here Thursday night.

Dispatches from Goshen Thursday night tell of damage done by the heavy rains of Thursday. Several hundred feet of track on the Michigan division of the Big Four railroad between New Paris and Milford Junction have been washed out. One culvert has been swept away. Near Logoootee 150 feet of track on the Baltimore & Ohio Southwestern was washed out. The body of an unidentified man was found floating in the Ohio river Thursday night.

Princeton, Ind., April 1.—The Wabash river is eight miles wide west of here. One hundred and sixty people were rescued Thursday night and are camped in the fair grounds. Forty thousand acres of wheat will be lost in Southwestern Indiana. The river is rising one-half inch an hour.

Evansville, Ind., April 1.—The Ohio river was on a stand here Thursday night, registering 39.8 feet and was expected to be falling by morning. The rains from above, however, are expected to bring another rise. The losses to farmers between this city and Cairo will be enormous. It is estimated the loss on the wheat crop alone will reach a quarter of a million dollars, as hundreds of thousands of acres along the Ohio river are under water and the crop will be entirely killed. Lumber men will also lose heavily, as many logs have been swept away. The Wabash river is 30 miles wide where it empties into the Ohio several miles below here and many people are homeless. Evansville itself is flood proof, being above the high water mark.

THE announcement that the negroes intend putting out a ticket of their own for President will cause our Republican friends to get busy. They know a ticket of that kind would hurt.

It is reported the American Tobacco Company will close all its plants in Ohio except one throwing many workmen out of employment. The factories and hands are to be kept idle while the trust works to get rid of its surplus product. That's how the combines help the laboring people.

With ten-million-bale cotton crops, at good prices, a twenty-five-million-ton pig iron production, fruit and other crops and products, the Southern States are creating conditions unknown in their previous history," remarks the New York Sun. "While the measure of prosperity has varied in the different lines, all have contributed to an unprecedented activity and a substantial increase in the general wealth. Manufacturing enterprises have taken the place of the old-time plantations and have established new channels of employment for the people."

LAYTHAM-SUTTON.

Former Resident of This County Married at Her Home in Fayette Wednesday.

[Lexington Democrat.]

The wedding of Miss Emma Laytham and Mr. James Sutton was celebrated at the home of the bride's father in the county on Wednesday at 4 o'clock in the afternoon. The house was handsomely decorated with spring flowers for the occasion. The bride wore a beautiful tailor-made suit and hat to match.

Miss Laytham and Mr. Sutton were the recipients of many beautiful and handsome presents, consisting of a chest of silver, cut glass, chinc, china closet, chairs, pictures, tables, beautiful linens, centerpieces, doilies and all kinds of fancy bric-a-brac.

Mr. Sutton will take his bride to his home in Scott County. She will be much missed in the community in which she has lived, as she is quite a favorite with every one.

The bride is a daughter of Mr. and Mrs. James Laytham, formerly of Moransburg, and niece of Messrs. Dan and Samuel Perrine.

Member of Maysville Commandery Dies at Louisville.

LOUISA, KY., March 31.—Alexander Lackey, one of the ablest and most prominent lawyers in Eastern Kentucky, died this morning of consumption. His death was hastened by a recent attack of pneumonia and pleurisy. He was President of a bank, a leading Democrat and belonged to the Maysville Commandery of Knights Templars. His age was fifty years, and he leaves a widow and three small daughters. He will be buried with Masonic honors Saturday at this place.

Mr. Clyde Outten, who was seriously injured Wednesday evening by falling down the elevator shaft at Mr. Robert Pollitt's grocery on Second, east of Market, was somewhat better this morning, and is thought to be slowly improving. The fall was about eight feet. No bones were broken, but he suffered a severe concussion of the brain, and has been delirious most of the time since the accident. He has not yet been able to tell just how the accident happened. He had gone to the building to attend a meeting of some of the members of the Red Men's Band.

BOARD OF EDUCATION.

Principal of High School Hereafter to Act as City Superintendent—Applications For Position as Truant Officer—Other Matters.

The monthly meeting of the Board of Education was held last evening, President Sallee in the chair.

Claims amounting to \$49.35 were allowed and ordered paid (\$42.90 white fund and \$6.45 colored fund) together with the salaries for the month.

The Treasurer's report showed total receipts for the month of \$546.70.

The applications of Harry L. Walsh and George Pollitt for the position of truant officer were read and filed.

The Finance Committee was authorized to borrow sufficient funds to meet current expenses.

Mr. Ryder moved that the place of meeting of the board be changed from the Public Library to the High School building. Under the rules, the motion goes over for one month.

The courtesy of the floor was granted Prof. Snider of Bardstown who presented his claims for the position of Principal of the High School.

Mr. Davis offered the following motion:

1. The salary of the Principal of the High School shall be \$1,000 per annum, payable monthly during school session.

2. He shall be ex-officio the City Superintendent of Schools and shall act under the advice and direction of the Board of Education.

3. He shall teach in the High School at least one-half of his time during the school day, and shall devote the remainder of the school day visiting the various schools both white and colored, and direct the methods of instruction and government, but shall not change the course of study without permission of the board.

4. He shall report to the Board of Education monthly and annually showing the condition of the schools.

5. He shall perform such other duties as the board may from time to time direct.

A motion to strike out the words "ex-officio Superintendent" was lost by a vote of 6 to 4, and the original motion was then adopted by a vote of 8 to 2. It was decided that the board meet April 14th to elect the Principal.

The question of eliminating German and drawing from the course of study and substituting book-keeping was referred to the Committee on Curriculum, to report.

Enumerators for taking the annual school census were elected as follows:

First ward—Clarence Martin.
Second ward—E. Reganstein.
Third ward—Arthur Mitchell.
Fourth ward—W. T. Berry.
Fifth ward—Jesse Calvert.
Sixth ward—E. Swift.

Their pay was fixed at \$10 each. Mr. Calvert stated that he would do his part of the work for nothing and pay the board a dollar a pupil for any pupil he overlooks.

Prof. Reynolds was elected to take the colored census and was given authority to appoint assistants. His pay is to be \$20.

The Finance Committee was directed to go before Council and ask for sufficient levy for the ensuing school year.

Easter novelties at Traxel's.

There will be services at the Central Presbyterian Church this evening at 7:30 o'clock preparatory to the communion season of next Sabbath.

There will be a union meeting of all the missionary societies of the city in the chapel of the Christian Church Saturday afternoon at 2:30 o'clock. Every body interested invited.

Mr. J. T. Parker, the Sutton street liveryman, shipped Wednesday for Stewart & Price of Clarksburg, W. Va., twenty head of horses purchased the past week. They paid as high as \$250 and \$300 for some of them, and the lot cost them a total of \$3,000. This was their third visit here since January.

Constable Rosser took the bloodhounds out to the home of Mr. W. W. Baldwin, Jr., on the Lexington pike this morning to try to run down some thieves who raided Mr. Baldwin's henry last night and stole a lot of chickens. It's a penitentiary offense under a new law to steal chickens of the value of \$2 or more.

Man Killed Thursday Morning Near Carlisle by L. and N. Train No. 10.

L. and N. train No. 10, due here at 9:50 a. m., ran over and instantly killed a man named Jack Ramey at a point about one mile south of Carlisle Thursday morning.

The unfortunate man was asleep on the track near a sharp curve and was not seen by the engineer in time for him to stop the train. The body was terribly mangled. The remains were brought to Carlisle and turned over to the Coroner.

Ramey was addicted to the use of morphine, it is reported, and was probably under the influence of the drug when killed. No blame whatever attaches to the crew of the train, as the accident was unavoidable.

Who Was He?

In November, 1903, a stranger was found dead at the McDaid Hotel, Manchester. No one knew him, and there was nothing about his body that would lead to his identification. The remains were placed in a vault and ever since then a diligent inquiry has been kept up in an effort to discover who he was or whence he came, but no knowledge whatever of him could be obtained. The remains were buried in the Manchester Cemetery Tuesday afternoon and his identity may never be known.
